

9 November 2016

Dear Parents and Carers

RE: Christmas Market 2016 Cancellation

Traditionally, the school has hosted a Christmas Market at the end of November. However, it is with regret that we have had to make the decision this year to cancel this popular and successful event. The current building work on the school site restricts access and requires significant weekend working to permit the renovation of D block to take place during the school term. I am sorry that this year the market will not take place, but we are planning to host alternative activities during the school day to enable us to celebrate Christmas together as a school community.

Thank you for your continued support.
Best wishes
